

PowerPoint Presentation Instructions

1. Insert the CD into your computer's CD drive.
2. Open your PowerPoint program or viewer. If you do not have one a free PowerPoint viewer is available from Microsoft at www.microsoft.com/downloads. From this page enter a search for "PowerPoint viewer" and will be directed to a list of available downloads.
3. Choose "Open"
4. Navigate to the CD drive. Click on the PowerPoint Presentation file.
5. If you do not see the file in the drive, click on File Types (usually beside or under File Name) and click on pull-down menu.
6. Choose "All files" and the file should appear.
7. Click to Open
